Viet Cong Reds Suffer Defeat

DANANG, South Viet Nam (AP) — "It was like a slaughter house," the American officer said. "The enemy dead were stretched out in a solid line for 50 yards."

The American, a military adviser, was describing the scene of a major Communist rout early yesterday 50 miles south of this corps headquarters near the border of North Viet Nam.

At least 124 Communist guerrillas including two battalion commanders were killed in the pre-dawn repulse of a Viet Cong attack.

"It was the most devastating blow the Viet Cong has suffered in months," an American adviser said.

Author Stanley Walker Dies

LAMPASAS, Tex. (UPI) — Veteran newsman and author Stanley Walker, 64, who loved life "but on my own terms," shot himself to death yesterday.

Today he will be cremated and his ashes scattered over the ranch which lured him from his New York newspaper career.

Walker was dying of cancer. Last week he underwent an operation for a throat malignancy.

Walker's wife, Ruth, said she suspected her husband would take his own life if he felt he would not recover.

Walker gained national attention as city editor of the New York Herald Tribune from 1928-1935 and was known as a newspaperman's newspaperman.

Kilroy Dies

BOSTON (UPI) — James J. Kilroy, 60, Halifax, Mass., reputedly the man who originated the famous World War II slogan, "Kilroy was here," died Saturday.

Kilroy, former Boston city councilor and Massachusetts state representative, coined the phrase while inspecting tanks at a shipyard early in the war. It caught on and before the war ended, American servicemen had scrawled "Kilroy was here" around the world.

Floods Kill 34

TUNIS, Tunisia (UPI) — At least 34 persons were killed last night when flash floods touched off by torrential rains undermined houses, washed out roads and cut communications in the Gabes region of Tunisia. Official sources said 30 of the dead were from Gabes and four others, all children, died at Gafsa.

Condemn Africa Action

HARRIMAN, N.Y. (UPI) — A three-day conference of Negro leaders ended yesterday with a call for United States economic sanctions against the Union of South Africa.

Representatives of the American Negro Leadership Conference on Africa planned to seek a meeting with President John F. Kennedy on Human Rights Day, Dec. 10, to discuss the group's resolutions on South Africa.

Traffic Deaths Up

The nation's traffic deaths over the extended Thanksgiving weekend neared the 500 mark today, the highest for the holiday period since 1958.

The highway death toll from 6 p.m. Wednesday to midnight yesterday was 488. Belated reports are expected to boost the total.

JFK Hopes Parley Will End Arms Race

GENEVA (AP) — President John F. Kennedy expressed the hope today that the new round of East-West disarmament negotiations will end "the upward spiral of weapons competition."

The president in a statement

to be read to the reopening of the 17-nation conference said the talks should give priority to ending nuclear weapon tests once and for all.

"A moment may be at hand to initiate the beginning of the end of the upward spiral of weapons competition," the president said.

United States has completed a recent series of atmospheric nuclear tests. There is hope, he

said, that the Soviet Union will conclude its test series soon, and this suggests that the time may be ripe for a real start toward halting the arms spiral.

Apparently with the Cuban crisis primarily in mind, the president said that crucial developments within recent weeks confirmed the need and urgency of the task before the Geneva conference.

"It is clear," he said, "that a renewed and immediate effort must be made to halt the constantly increasing tempo of the arms race if there is to be assurance of a lessening of the danger of war."

"It is, therefore, my continued hope that serious negotiations will proceed at once on those initial measures of disarmament which could, if put into effect without delay, materially improve international

security and enhance the prospects for further disarmament progress."

The only measure he specifically mentioned in this connection, however, was a nuclear test ban.

Resumption of the confer-

ence today was expected to show whether the Cuban crisis and the India-China border war has pushed any of the eight non-aligned members of the conference toward the West's position of insistence on disarmament inspection.

GUATAMALA RED REVOLT CRUSHED

GUATEMALA (AP) — The Guatemalan army quickly crushed a revolt yesterday morning in which the government said pro-Communist air force rebels

fled or took asylum in foreign embassies.

Ydigeras told the nation in a broadcast "this revolt is one of the many directed at us by Señor Castro."

NO SERVICE IN NASHVILLE

Two employees of a downtown cafe formed a human barricade Saturday to keep Negro sit-in demonstrators from entering. Shortly before the action here, the owner, Herschel Erwin, was arrested and charged with disorderly conduct for squirming a fire extinguisher at the demonstrators. A white youth and a Negro university student also were charged after they got into a fight.

Three Climb Treacherous El Capitan

YOSEMITE NATIONAL PARK (AP) — Two Americans and a Canadian have become the first to climb the treacherous 3,000-foot southwest precipice of Yosemite's granite-faced El Capitan.

Weary and bedraggled Ed Cooper, 24, of Seattle, Wash., the climb's leader, summed it up as he clawed his way over the 7,564-foot-high summit yesterday afternoon: "This is enough climbing."

Bushy-bearded Jim Baldwin, also 24, of Prince Rupert, B.C., exhibited a big toe stuck through leather climbing boot and woolen sock.

His hands bore rope burns — mute testimony of a 70-foot fall down the face before his companions could check his descent.

The other climber was Glenn Denny, 23, a San Jose State College student from Livingston. Returns from yesterday's voting in Bavaria made it harder than ever for Adenauer to dismiss Strauss. But West Germany's Free Democratic Party has said it will not rejoin the coalition government, political observers said today.

Strauss was not a candidate yesterday, but he led his Christian Social Union to slight but unexpected gains in voting.

French Give De Gaulle Solid Political Backing

PARIS (AP) — The long shadow of Charles de Gaulle stretched even farther across the French political landscape today in the glow of the president's resounding victory in national parliamentary elections.

De Gaulle is expected to call on Premier Georges Pompidou to form a new government which may serve for much of the new assembly's five-year term.

Poland Warning

WARSAW (AP) — Polish Communist leader Wladyslaw Gomulka warned today that Poland's vital export trade is overdependent on the West.

Obviously referring to the threat of the European Common Market, Gomulka told a trade union congress here "we want to maintain and to develop our trade relations with the West but we see discrimination in that direction."

De Gaulle had a combined support of more than 260 deputies, well above the 242 needed for control. In 1958 the UNR

was elected only 188 seats although De Gaulle's nationwide popularity and the pressure of the Algerian war kept a majority of the necessary obedient to him.

In run-off contests yesterday De Gaulle's own party and others pledged to his support captured a clear majority in the National Assembly — the first time in modern French history that any cohesive force could claim such a margin.

Official results, combining first-round returns Nov. 18 and yesterday's runoffs, gave De Gaulle's Union for a New Republic (UNR) 233 of the 482 seats in the new National Assembly. Thirty successful candidates from other parties were pledged to support De Gaulle.

Voter Unit To Discuss Unification

The League of Women Voters of Central Marin will hold meetings tomorrow and Wednesday to discuss unification proposals within the Tamalpais High School District.

The first meeting will be at 10 a.m. tomorrow at the home of Mrs. Russell Klein, 8 Vineyard Way, Kent Woodlands. The second will be at 1 p.m. Wednesday at the home of Mrs. M. W. Milt, 85 Corte Toluca, Greenbrae.

Various unification proposals will be evaluated according to five state standards. They are:

1. Would the proposed district have community identity?

2. Sufficient financial resources without excessive taxes?

3. Sufficient pupils to provide all educational services at a reasonable cost per pupil?

4. Would it provide a continuous program from kindergarten through high school?

5. Would any pupils need to cross another district to reach their schools?

Grand Jury Report Due Supervisors

Two Marin County Grand Jury recommendations will be presented to the board of supervisors at its morning session tomorrow.

The supervisors will be asked to approve a resolution calling on the state legislature to pass an amendment to the penal code providing for a sample audit each year of veterans' tax exemption applications.

The resolution is the outgrowth of a grand jury investigation which found many Marin veterans claiming exemptions illegally by not reporting all their assets.

A more thorough examination of persons seeking a permit to use explosives will be recommended as a result of the Novato dynamite blast June 27 which knocked out power and damaged homes along Maestro Road.

At 1:45 a.m. the supervisors are scheduled to discuss the county's position on the relocation of the Shoreline Highway, due for public hearing by the State Highway Commission on Nov. 29.

Last item on the agenda is an appointment to the board of the Golden Gate Bridge and Highway District to succeed Matt A. Graham of San Anselmo.

Catholic Council Meeting Slated

An organizational meeting of a Marin County chapter of the Catholic Interracial Council will be held at 8 p.m. tomorrow at Marin Catholic High School. The council already has five chapters in the Archdiocese of San Francisco.

Dr. John C. Bennett of San Rafael, member of the advisory board, will discuss "The Challenge for CIC in Marin."

"The State of Interracial Justice in Marin County" will be the topic of the main address by Dr. Edward Kessel of Novato, a Presbyterian layman who is chairman of the culture and race relations committee of the Marin County Council of Churches.

Symphony Opening Was A Triumph

By MAYBELLE SPECKMANN

Friday night's opening concert of the current Marin Symphony season was a brilliant triumph for guest artist Sister Mary Dominic, O.P., director Sandor Salgo, and the orchestra.

There was standing room only in the Marin Catholic High School auditorium. The audience of approximately 1,100 made this perhaps best attended of all concerts presented by the symphony.

Attesting to the perfection of Sister Mary's rendition was the standing ovation that followed her performance in the Beethoven Concerto No. 4 for piano in G major. The concerto was the perfect setting for her talents. It is absolute music of deepest spiritual mood even in its dramatic and joyous developments.

Under Salgo's skillful guidance, the dialogue between the piano and orchestra, as well as the tutti passages, were beautifully balanced.

The Dominican Order is to be commended for permitting Sister Mary Dominic's superlative professional talent to remain available to music lovers outside the order.

Although it was perhaps a bit long, Prokofiev's Fifth Symphony was another fortunate choice. This is the kind of work that can be most readily appreciated by that portion of the concert-going public which has difficulty with the modern dissonant idiom.

Salgo's reading and its blazing performance by the orchestra, which was evidently thoroughly in rapport with its spirit, made some recordings of it seem as insipid as skim milk.

Opening the program was a satisfying performance of the overture to the opera Don Giovanni by Mozart.

Sleepy Driver's Car Gets Wrapped Around Pole; Rock Hits Truck

A change girl from Harrah's Club at Lake Tahoe escaped with cuts and bruises when her Volkswagen literally wrapped itself around a power pole on the Black Point Cutoff yesterday. (See photo, page 1).

In another oddity of Sunday traffic, a San Rafael man and his 5-year-old daughter were injured when a large rock bounded through the windshield of their truck.

WAS SLEEPY

Carol Jean Patterson, 23, of Stateline, El Dorado County, had been without sleep for 19 hours when she approached the Highway 101 intersection on the Black Point Cutoff at 7:10 a.m., the California Highway Patrol reported. Apparently, she dozed.

Her little car slipped off the pavement and went into a side-wise skid. As it slammed into the power pole, bent by the impact, imbedded itself in the frame of the car.

Miss Patterson, secured by a seat belt, barely missed hitting the pole herself. She was extricated from the car and taken to Novato Hospital, where she was in good condition today after treatment for bruises of legs, left arm and shoulder, and minor cuts.

CUTS, BRUISES

Theodore Uljas Jalo of 25 Knoll Way, San Rafael, told sheriff's officers he was driving north on Lincoln Avenue in San Rafael toward the Highway 101 connection at 12:30 p.m. yesterday when a large rock crashed through the windshield of his truck. It struck him on the right arm, inflicting cuts and bruises. His 5-year-old daughter, Adele, sitting beside him, was cut by glass splinters. The rock landed on the seat between them.

In Garage Fire**

Fire gutted the garage of W. C. Holley of Woodacre yesterday afternoon, causing \$7,000 damage to the garage and paint, clothing, tools and furniture.

A spark was believed to have carried from a small fire in which Holley was burning trimmings near his home on Railroad Avenue. Damage was estimated to be \$3,000 to the garage and \$4,000 to personal property. Eight firemen brought the blaze under control by 4:12 p.m.

We Cannot Afford Delay In Planning Shoreline Route

The Shoreline Highway—state sign route 1—has long needed improvement.

It is hazardous because it is too narrow and it has too many blind curves. In inclement weather the hazards are increased. When the weather is especially good—as it frequently is on Spring weekends—the mass of traffic along the coast also increases the hazards.

The road was not built for modern vehicles and even moderate rates of travel.

People who have lived longest along the route have known this for decades. More than 30 years ago the Shoreline Highway Unit of the Redwood Empire Assn. was formed to advocate the improvement of the road.

And for more than 30 years that advocacy has been voiced from time to time as the opportunity presented itself.

Now that the Pt. Reyes National Park is assured, with an estimated two million visitors per year foreseen, the need for getting started with improvement is growing even more critical.

A decade or more ago when Marin County planning commission undertook the preparation of a county-wide master plan for highway development, the need for a limited access, broad right-of-way for the Shoreline route was foreseen and provided for. More recently, when the master plan for the Stinson Beach-Bolinas area was prepared, provision was made for an adequate highway with sites indicated for grade separation accesses which appeared reasonably necessary.

To this end, the State Division of Highways has studied the problem for many, many months.

State engineers came to the same conclusion that Marin County planners came to more than a decade ago: a broad, limited access right-of-way would be advisable to provide for the future.

Under California law, the route many years ago was designated by the legislature with the only legal term for broad, limited access highways—"freeway." That was before freeway became a "dirty word" with many.

Now the exact route suggested by the engineers for this broad, limited access

Half Of American Population Has Some Kind Of Eye Trouble

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Half the American people have some sort of eye trouble.

One big reason why only 20 per cent of medical students plan to become general practitioners is that they make only about \$16,000 annually but specialists earn about \$35,000.

Weather forecasting by kites was introduced in 1700 by Dr. Alexander Wilson of Glasgow. The U.S. Weather Bureau also sent its thermometers aloft in kites until 1930, when it switched to high-altitude balloons.

There was such a thing as a \$3 bill. It was issued by the Republic of Texas in 1840s.

If America ever adopts the metric system, think what it will do to some of our familiar expressions: "A miss is as good as 1.6093 kilometers." "I wouldn't touch him with a 3.049 meter pole!"

Only 9 per cent of the U.S. employed population works on farms, and our problem is

food surpluses. In the Soviet Union 48 per cent of its workers labor on farms, and their problem is food shortages.

"Man is an animal that makes bargains; no other animal does this—no dog exchanges bones with another," Adam Smith.

Among new paper products being developed are fire-and-water resistant uniforms; shirts that can be worn once and discarded; non-skid, long-wearing, frost-proof coatings for highways.

ABOUT 40 viruses are believed involved in the common cold. That's why science is having such a hard time coming up with an all-purpose cure.

Researchers have found that, because of poor listening habits, most people forget in two days up to 75 per cent of what they hear. But is that such a bad idea—considering what they hear?

Many People Just Don't Care

EDITOR, Independent-Journal:

There are times when I actually hate to admit that I belong to the human race. Such an occasion occurred this past weekend during the Muscular Dystrophy Drive.

This was the second year that I volunteered to go on the march. I didn't do this solely for the fact that it was the proper thing to do, but because the victims need help, and need it fast.

After I had gone to several houses I was surprised to find that many people did not care whether or not a cure is found for this disease which is always fatal to children. Often, they just said, "I'm not at all interested."

I cannot say in all honesty that I didn't expect this to happen, but I can say that I didn't expect it on such a large scale.

The final straw came when I went into a realtor's office. I simply asked him if he would like to contribute. "I'm sick of this begging, that I can't even stand to see you," was his reply.

Well, if this man is a true representative of the American good will, and love for

your fellow man, I would like to know what good will is.

Though there are MANY people like this, I am glad to say that all people are not like this. There are still some people in this ever-changing world who feel the need and the responsibility of helping their fellow human being when they need it. Thank God for these people.

EDITOR, Independent-Journal:

Whatever one's feelings about the recent superintendent of public instruction election, your editorial in tonight's (Nov. 13) paper set the tone necessary for a fruitful future.

There can be very few who do not honestly wish to see California education reach the pre-eminence which the state can already claim for itself in so many other ways, including population, and, tragically, crime.

The battle was hot and heavy. Few were able to maintain the detachment of your newspaper. And, deplorably, many have already prejudged the new superintendent. True, the problems are staggering—not the least of them is the sheer dead weight of an already-established bureaucracy. That is all the more reason to hold fast henceforth to one's rational faculties.

This should not be the least of our offerings to all men who bear the burden of public office, but certainly it is

In Case You Don't Know, There Are Lots Of Nutty Things In World

THE OTHER DAY, trying to make some sense out of life, we sat down on the stone bench in Lytton Square to watch the cars go 'round and 'round the flagpole.

Good old Throckmorton Avenue. Look at those gutters. An 'A' street if we ever saw one. Poor Mr. Blackwell. He lives on a 'D' street while all the other councilmen live on 'A's.'

Still we live on a 'D.' It has no gutters nor curbs. But it has a lot of eucalyptus nuts falling on it all the time and occasionally we have to move a rock or branch to get through. We love that 'D.'

There are a lot of nutty things in the world. You could have walked from Sausalito to Belvedere on boats" a week ago Sunday, John Terris told us. Bass, he said.

BARNEY WEST, who loses his tikkis every now and then, has fenced them in. At last week's Sausalito City Council meeting, in a zoning discussion on what is to be done if your house is destroyed, Sally Stanford queried the council: "Suppose the whole town burned down. What would you do?" Councilman Jan Paul Dky replied, "Then we can rezone the whole town."

Bala and Standgaard suggested to the Mill Valley City Council Nov. 21 that the city give Manuel Gomez a "slope monument" and bronze plaque in honor of Gomez Way, a steep ski-jump slope named for Gomez. Bala said the street has a 24.43914 degree slope.

ON THE NIGHT before Thanksgiving we took a walk in Sausalito. Balmy, it was a great day for a walk and the streets we met were kind.

Went to Ruby's cozy cafe. Asked Ruby what soup day it was. "Vegetable," she said. (Each day is a different soup day at Ruby's). Asked if she was going to cook for herself on Thanksgiving.

"I'm going out," said Ruby, to work up an appetite for tomorrow.

Khrushchev May Want Cooling Off Period After Cuba Humiliation

WASHINGTON (AP)—Western leaders think Premier Khrushchev wants a cooling-off period after going through the Cuban wringer. There is even talk he may make a sharp turn and seek closer relations with the West.

The two are not the same.

To confuse them is to let the heart get the better of the head with wishful thinking. Before Christmas he can show whether he wants cooperation with the West or just wants time for the heat to die down.

THREE TESTING grounds for him: The disarmament talks which began again today; soon thereafter talks on a nuclear test ban; and the four-year-old problem of Berlin.

It's comforting, but may be unrealistic, to believe the Russian leader suffered a change of heart after his meek and humiliating backdown on the Cuban missiles.

The alternative to that is the possibility he will lie low for a while, preparing for some new thrust where his chances are better than they ever were in a Cuba far away from Russia.

It would be very human if now Khrushchev — after the international embarrassment suffered by communism in Cuba — tried to restore Red prestige by forcing the West into a retreat.

Thus his present meekness can have two interpretations. But something else happened — after the Russian retreat on Cuba — which may push him toward the Western camp.

Ironically this push — if that's what it proves to be — came not from the West but

from Russia's big ally, Red China.

FOREIGN POLICY experts until recently were skeptical about any Soviet-Chinese split, although there were plenty of signs of it. Now they're convinced there's a split, and a serious one, but they hesitate to guess how deep.

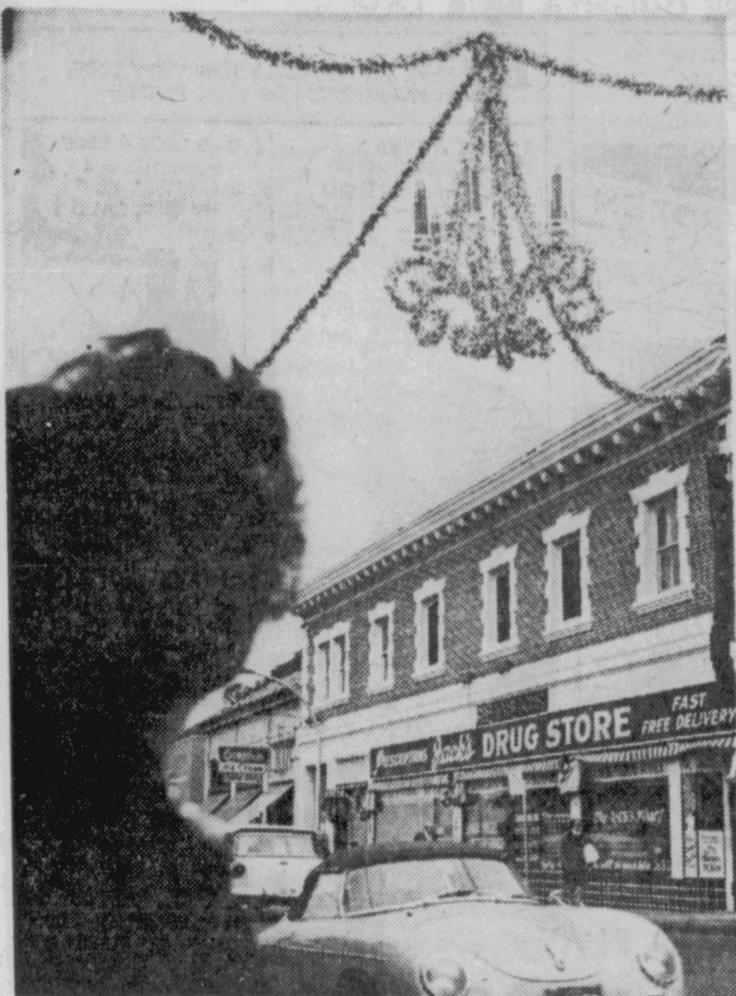

It became visible and deep when the Chinese denounced the Russians for not having a showdown with the United States on Cuba. It was perhaps deepened even more by the Red Chinese attack on India.

If this attack continued, and the Western powers got involved on India's side, Russia would have been forced to support the Chinese or renounce their alliance with them. The former could have meant world war.

The United States has always insisted — and will insist — there can be no disarmament without on-site inspection. The former could have meant world war.

Since this country won't yield, any yielding must come from Russia. The disarmament talks this week therefore provide the first opportunity to see whether Khrushchev wants a new and far-reaching friendliness with the West.

BUT, IT IS difficult to forget — amidst all the optimistic talk about a change in Khrushchev — that only last month he was caught flat-footed trying to set up in America's backyard a batch of missiles with which to terrorize this country.

YULE DECORATIONS UP

San Anselmo and San Rafael stole the march on the rest of Marin County by installing Christmas street decorations over the weekend. Here a passerby glances at the chandelier put up by city workers yesterday at the intersection of Tunstead and San Anselmo avenues in San Anselmo. Decorations, consisting of three balls hung from sprayer branches, were strung from lamp posts along Fourth Street in San Rafael over the weekend.

Two Boys, 11, Take Arms But Leave Bikes Behind

Two 11-year-old boys from Point Reyes Station, who broke into Grandi's Hardware store to steal almost enough weapons to start a Mexican revolution, made the mistake of leaving their bicycles along the road as they admired their loot.

Deputy Sheriff Robert Bertrand, patrolling Point Reyes Station yesterday, spotted the bicycles at the bridge over Papermill Creek. He looked under the bridge and found the two boys with BB guns, 22-caliber rifles, pellet guns and pistols, knives, fishing poles and four reels—about \$250 worth of goods they had lifted from Grandi's Hardware the day before.

Charles Howard Allen, 46, of Kentfield, a real estate man, has both offered to serve on the bridge board.

Hardcastle, a Pacific Far East Lines executive, has been a commuter since he moved to Marin County in 1945.

"Aside from being qualified as a commuter, I also do a good deal of cost control work in my business—something I think is necessary on the bridge board," he said.

Hardcastle said the Golden Gate Bridge and Highway District was formed to finance and build the bridge after all other methods failed. He said other bridges are under state control and the Golden Gate Bridge should be placed under state control as soon as possible.

This, he said, would provide the quickest means of getting a second bridge and starting rapid transit, both of which he firmly believes are vital to the future of Marin County.

Hardcastle has served as president of the Marin County Federation of Commuters Clubs, and has appeared frequently before the bridge board. He is also a member of the supervisors' committee which recommended four-lane channeling for rush-hour traffic, later adopted by the bridge board, and a one-way toll program which is still under consideration.

Hardcastle worked for the incorporation of Novato and has served as president of the Novato Sanitary District board since 1952. He is secretary-treasurer of the Novato Commuters Club.

He and his wife, Helen, and daughter, Wendy, 17, live at 7 English Court, Novato.

Little Drizzle Dampens Marin

Traces of rain were in evidence throughout Marin County from early today but a storm moving down from the north seemed to have slowed after dropping .08 of an inch of rain by dawn in Santa Rosa.

Accused Thief Identified As Store Robber

One of two Richmond brothers held for the Friday midnight holdup of a San Rafael Liquor store has been identified as the robber who made off with \$85 from a Vallejo liquor store earlier the same night.

Gary Watson, a clerk in George's Liquor Store in Vallejo, identified Dennis Arnold Bradshaw, 21, as the man who held him up at 9 p.m., according to San Rafael Police Chief Charles J. Chiesa.

Dennis and his brother, Richard, 19, were due to appear in Marin Municipal Court today on charges of robbery and conspiracy in the theft of \$310 from the Original Fourth Street Liquor Store, 703 Fourth Street, at midnight Friday.

The brothers were caught in their red Chevrolet in Richmond an hour after clerk Robert H. Halverson of 129 North San Pedro Road, Santa Venetia, was robbed at gunpoint of \$310.

U. S. chief delegate Adlai E. Stevenson was expected to tell Thant in advance of the dinner session that the United States rejects such Soviet-Cuban demands as a withdrawal of U.S. forces from the Guantanamo naval base and an end to a pratical boycott of Cuba.

Sad Curtice Sits And Waits For The Axe To Fall

By DICK BARNES

STANFORD (AP) — You're a football coach with your best team in five years. You have a flock of promising youngsters for 1963 and you lose just 10 seniors. You've just smashed your arch-rival for the second straight season.

What do you think about a raise? Long term contract? Happy letters from the alumnini?

Not if you're Stanford's Jack Curtice. He's just hoping to hang onto his job through this week—and he knows the odds are against him.

The Indians' 30-13 shellacking of California Saturday has evened their season record at 5-5. The 30 points was the most Stanford had scored against Cal in 32 years. Not since 1946 had the Indians won two straight against their cross-bay rivals.

But these things may have all come too late to save Curtice's job. For several weeks rumors have persisted that Curtice is through because of 36 losses in his 50 games at Stanford. University officials have not denied the rumors.

Stanford President Wallace

Sterling has final word on renegotiation of Curtice's five-year coaching agreement, which expires this year, but the school's athletic board is known to have met and discussed the situation Friday.

An announcement concerning Curtice is expected early

this week—perhaps today. Observers believe failure to re-new the agreement before the Cal game indicates Curtice will not last.

Even after the lop-sided triumph Saturday, Curtice's eyes were not happy.

"I don't know—I just don't know," he said when asked

about his plans.

"I just hope I keep my job. I'm doing the best I can—I'm doing my level best. I don't know a durned thing—but you'd think they would have let me alone until after the season. I think the boys want me back—we've only got about 10 seniors."

49ers To Try Spoilers Role

The San Francisco 49ers, riding on a two-game winning streak, readied themselves today for the job of "spoilers" in the National Football League.

Coach Red Hickey's Prospectors are out of the race for the Western Division title—but they are in a position to have something to say about who wins it.

The 49ers, who defeated the St. Louis Cardinals 24-17 in St. Louis yesterday, are about all that stand between the Green Bay Packers and their third straight Western Division title. But there are a few "ifs" involved.

Detroit proved Thanksgiving Day that the Packers can be defeated, and the Lions are hoping San Francisco is the team that can do it. If Detroit takes its remaining games against Baltimore, Minnesota and Chicago, a Packer defeat would send the Lions and Green Bay into a playoff.

Of course, the Packers also have two games with Los Angeles, but the Rams have posted only one victory all season and managed to battle Minnesota to a tie yesterday.

So the 49ers face the Vikings next week—and then return home for their "spoiler role" against Green Bay.

BRODIE, MESSER STAR

Yesterday's game apparently was played strictly for the pay-check as the 49ers outlasted the Cardinals primarily because of old pro John Brodie and sophomore rookie Dale Messer.

Brodie scored twice on short yardage quarterback rollouts and passed accurately on a second period march that was the only genuine offensive spurt by the 49ers all afternoon. The heart of the drive was a 39-

yarder to flanker Jimmy Johnson who all told caught five for 97 yards.

Brodie also wound up with 97 yards gained on nine completions in 12 attempts when Cardinal rushes them him back for 31 yards in losses.

J. D. Smith worked hard with 23 carries, netted 71 yards and got the 49ers' first period touchdown off a three-yard buck.

SAVES THE DAY

But it was Messer, a first year man last year but cut down early by a broken ankle, who saved the day. The smallest 49er intercepted a Charlie Johnson pass and returned it 34 yards to the Cardinal five to set up Smith's TD.

And in the fourth period the gritty little Bulldog from Fresno State set up the clincher score by pouncing on a St. Louis fumble on the host 25.

Pt another way, since St. Louis led in first downs 18-15, in rushing 164 yards to 118 and in passing 150-97, without Messer's alertness the 49ers would have been in dire straits indeed. His teammates awarded the 175-pound speedster, who was playing only his second game in a defensive halfback, the game ball.

CARD SCORING

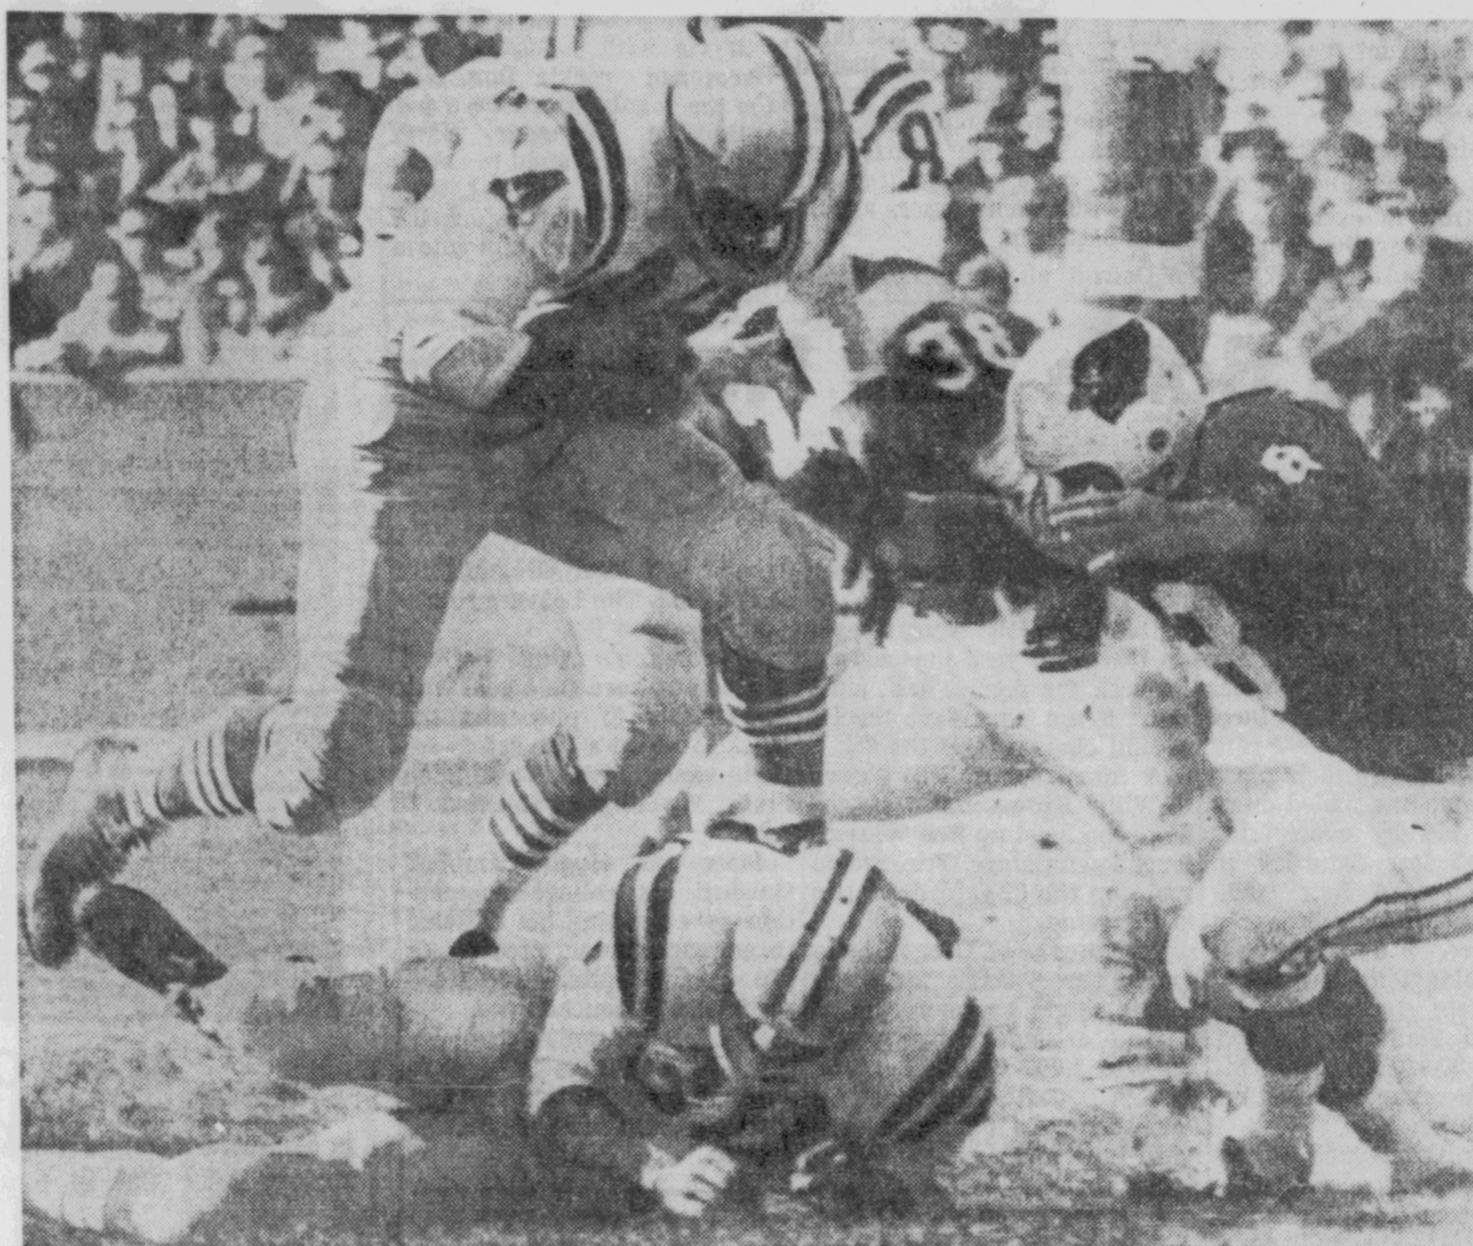

St. Louis got a second period touchdown on a one-yard buck by John David Crow and added a fourth period score off a 14-yard Johnson pass to Bobby Joe Conrad.

The latter tally was set up by a 40-yard hipper dipper play where Johnson passed to Conrad who lateralized to Sonny Randle. Randle ran out of bounds on the 14 with 21 seconds remaining.

Tommy Davis kicked a 23-yard field goal in the second period to assist in a 17-7 49er halftime bulge. He also had an 81-yard punt.

Gerry Perry booted a 21-yard goal for St. Louis in the third period.

San Francisco is now 5-6 on the campaign and St. Louis 2-8-1. The 49ers next meet the Vikings in Minneapolis.

OVER HE GOES—Fullback J. D. Smith goes over the back of teammate Bernie Casey for first touch-

down for 49ers in St. Louis yesterday. Cardinal tacklers are Larry Wilson (8) and Bill Triplett (38)

of the season, were idle yesterday along with the Lions. Both resume action this Sunday with the Packers hosting the Rams in Milwaukee and the Lions entertaining the Colts. Only a game separates Detroit and Green Bay in their race for the western title.

OPEN ASSAULT

The Giants opened their assault on the crippled Redskins with a score on the opening kickoff. Rookie Johnny Counts ran it back 90 yards and the avalanche was on with a momentary interruption for a field goal by Bob Khayat in the first period and a 15-yard TD toss from Norm Snead to Bobby Mitchell just before the half.

Tittle, who set a new club record of 25 TD tosses in a season, ripped off scoring passes of 20, 10 and 44 yards to Shofner and running backs Phil King and Alex Webster smashed over on short runs to make it 42-10. Then, with the game out of reach, Washington reserve quarterback Galen Hall connected on scoring tosses of 18 and 48 yards to Dick James. Shofner's three TD receptions

Bay Area Grid Picture One Of Anti-Climax For Rest Of Year

Thanksgiving and Big Game weekend have come and gone, and from this point on, the Bay Area football picture is one of anti-climax until the annual East-West Shrine game. All we are left with is a handful of paradoxes.

The San Francisco 49ers have moved into a fourth place tie in the NFL by virtue of their methodical win over the St. Louis Cardinals. Going no place, about all the 49ers have accomplished is to endanger their position in the annual draft, where the lowest team drafts first.

Not to look at ANY victory with a jaundiced eye, all the Cardinal game proved was that even one of the weaker teams in the NFL can manage to pour men through the Niner line almost at will. And that John Brodie can find receivers, short or long, when he is on his stink.

THE 49ER ground game remains ineffective with little power up the middle and not enough speed to work the ends. The best gainer of the day were Brodie's naked roll-outs for scores, and these went all the way because of the surprise element.

Little Dale Messer put on a good show in his first real opportunity to show his wares as a defensive back. Carl Kammerer made tackles all over the field from his middle linebacker spot, and Elbert Kimbrough continued his sharp tackling. For the rest, take six and give a half dozen.

ACTUALLY, THERE should be a law against playing football on a field like that which the Cards call home. The hard-baked surface was like the old corner lot, with dust and dirt in every mouth. The Cards showed the speed to exploit such a turfless field, but lacked the beef to make it go. It must take some tough hides to stand such a pounding all season.

OVER AT BERKELEY, a few more paradoxes. The Stanfords walked away with the Big Game, and probably lost their head coach, Jack Curtice. Meanwhile, Bear Coach Marv Levy tucks a new contract in his pocket after a 1-9 season. Maybe 49er headman Red Hickey is smart in playing it down the middle with a near 50-50 record.

THE OAKLAND Raiders continue their loving ways, stand to lose their franchise to some other city and fade out of the picture just when it begins to look like the American Football League will finally make a go of it.

I have to admit being one of those who laughed at the efforts of the AFL to get off the

ground. The odds seemed insurmountable. Now, with a few million bucks poured down the old gopher hole, the majority of clubs show signs of making the grade and a few dollars.

LAST YEAR, when the pro draft rolled around, the AFL copped almost as many top draft choices as did the rival NFL. There is a general feeling that this year will see AFL grab off more than half the rookies.

The success story of the AFL can be traced to the wild and woolly, crowd pleasing games, just like those that made a success of the NFL. Many fans feel the senior league has trained players to such perfection that the fun is gone. It is a mighty strong point.

AND YOU can't blame the rookies for leaning toward the new league, where salaries are as high or higher, and the competition is not so tough as yet. You can bet that two healthy leagues will lead to an eventual merger and a football World Series. Money talks.

Football from July to February? Don't laugh. It is just around the corner.

Big Game Aftermath: Brighter Things Ahead For Both Cal, Stanford Squads

By DICK BARNES

BERKELEY (AP)—A 1963 Big Game aerial battle between improved Stanford and California football teams seems almost a certainty just two days after Stanford's 30-13 1962 victory.

Cal's Craig Morton and the Indians' Clark Weaver, principal passing adversaries Saturday, each will return next year with most of his teammates for what promises to be a better season than the one just ended. The Bears finished 1-9, the Indians 5-5.

Stanford and Cal each lose only 10 seniors from the teams that tangled Saturday, and both have promising freshmen.

Each school won a half of Saturday's Big Game—but second-string quarterback Weaver made Stanford's half far more productive as the Indians rolled.

But in the final five minutes of the first half, Morton was

ed up their highest score against Cal in 32 years.

Every one of the 43 points was scored through the air—36 on passes, seven on place kicks.

Before Saturday, Stanford had thrown only one touchdown pass all season.

"Back of the game" Weaver threw three scoring passes, Morton tossed two and Stanford flanker Chris Jessen had

the odd distinction of throwing one touchdown pass and catching another.

Stanford and Cal each lose only 10 seniors from the teams that tangled Saturday, and both have promising freshmen.

But in the final five minutes of the first half, Morton was

from Stanford's 31, Morton danced back and forth until Bill Turner sneaked behind defender Dick Ragsdale, then hit Turner with a touchdown pass.

Morton climaxed Cal's second 61-yard scoring drive with a 3-yard pass to Alan Nelson just 20 seconds before the gun.

But Weaver came off the bench in the second half to completely change the game. He took the Indians 80 yards after the kickoff, 70 the next time they had the ball and 66 the time after that for three touchdowns.

Said loser Marv Levy: "This is the most miserable day I've been through in my life."

Weaver finished with nine completions in 11 passes for 103 yards, while Morton was 14 for 29, gaining 156 yards.

Smiled winning coach Jack Curtice: "These boys made as great a comeback as you could want."

Said loser Marv Levy: "This is the most miserable day I've been through in my life."

INTER-LEAGUE PLAYER TRADES**Colts Get A. L. Batting Champ**

ROCHESTER, N.Y. (AP)—The trade-conscious major leagues signaled the opening of the annual baseball convention today by completing three major player swaps with the promise of more to come.

The most important transaction involved the Boston Red Sox and the Houston Colts. The Red Sox, still on the prowl for right-handed hitters who can tattoo the left wall at Fenway Park, traded away their American League batting champion, Pete Runnels, for Houston's

slugging outfielder, Roman Mejias.

Runnels also won the American League batting title in 1960.

Although Runnels hit .326 last season to Mejias' .286, new Red Sox manager Johnny Pesky was convinced Mejias' long ball power would be more helpful than the spray-hitting of the southpaw-hitting Runnels, who hit only 10 home runs—a career high—to 24 for the former Colt outfielder. Mejias also drove in more runs than Run-

nells, 76-60.

This was the second inter-league trade made by the Red Sox in five days. They acquired slugging first baseman Dick Stuart from Pittsburgh last Wednesday in exchange for pitcher Don Schwall and catcher Jim Pagliaroni. The Pirates also threw in relief pitcher Jack Lamabe.

In a 2-for-1 trade, Baltimore acquired catcher Dick Brown from Detroit in exchange for veteran receiver Gus Triandos with utility outfielder Whitey

Herzog. The Orioles were counting on Brown, 29, to do the bulk of the catching next season. He batted .241 in 134 games with 12 homers and 40 runs batted in.

Triandos, 32, has been troubled by injuries the last three seasons. A hand injury limited him to 61 games last season when he batted only .159. Herzog, a 99-game performer, mainly as a pinch-hitter, hit .266 with seven homers and 36 runs batted in.

Detroit also acquired veter-

an third baseman John "Bubba" Phillips from Cleveland in return for pitchers Ron Nischwitz, a lefty, and righthander Gordon Seyfried. Phillips batted .258 last season, hit 10 home runs and drove in 54.

Manager Bob Scheffing of the Orioles will vie with holdover Steve Boros and rookie Don Wert for the regular third base job.

Houston manager Harry Craft said he planned to switch Runnels, 34, to second base, a position he played before the Red Sox converted him into a first baseman.

Pacific Title Won By Marin Runners

The Marin Athletic Club runners won their 11th out of 13 races this season when they whipped the Santa Clara Youth Village 23-39 in the Senior Pacific Assn. Championships yesterday at Kezar Stadium, San Francisco.

Leading the pack of 38 runners was Darryl Beardall of Marin A.C. who set a new record in the state championships on Nov. 10, but missed the record yesterday by 47 seconds.

Other Marin A.C. finishers were Wes Hildreth, Jack Henry, Steve Jackson, Phil Dancel, Bill Ferlatte, Barney Hope, Randy Keller, Bill Ranney, Carl Jensen, Otis Miles, Jeff Tuel, Wendy Seabloom, and Jack Kirk.

Next race for Marin will be the Junior Pacific Assn. Cham-

Bo Wininger Wins Orlando Open Golf

Bo Wininger Wins Orlando Open Golf

Open

ORLANDO, Fla. (AP)—Bo Wininger won the \$35,000 Orlando Open Golf Tournament with a gamble, but he had an ace in the hole.

After it was over yesterday, he told the crowd around the 18th green of the Rio Pinar Country Club that there's an old axiom on the PGA tournament circuit that "you can't beat an injured player."

On Friday, after his second round of par golf, Wininger went hunting, caught his thumb in the loading mechanism of a shotgun and sliced it open. Less than two hours before he teed off for his final round, he broke a tooth while eating breakfast.

The 40-year-old Oklahoma City pro then went out and shot a 4-under-par 67 for a 72-hole total of 274, one stroke ahead of 30-year-old Bert Weaver of Edgewater Gulf, Miss.

The winning check of \$5,300 was the biggest in Wininger's 10-year professional career. It took his winnings to \$17,705.

Dow Finsterwald of Tequesta, Fla., finished three strokes behind Wininger, at 277. Tied at 279, five strokes off the pace, were Miller Barber of Rye, N.Y., who matched the course record with his last round 65, and Ted Kroll of Fort Lauderdale, Fla.

Major Post-Season Bowl Berths Just About Filled

By U.P. INTERNATIONAL

Southern California and Wisconsin conquered backyard confederates to finally make their Rose Bowl meeting official and Louisiana State succeeded in attaining a Cotton Bowl berth opposite Texas during the weekend to complete half of the New Year's Day post-season college football lineup.

The Sugar and Orange bowls have the only two other openings that remain and these appear reserved for Mississippi

and Alabama. Ole Miss closes out its bid for a perfect season against Mississippi State Saturday and Alabama winds up the campaign with Auburn.

A projected view of the January 1 bowl picture:

Rose — Southern California vs. Wisconsin at Pasadena, Calif.

Cotton — Texas vs. Louisiana State at Dallas, Tex.

Sugar — Arkansas vs. Mississippi at New Orleans, La.

Orange — Oklahoma vs. Ala-

bama at Miami, Fla.

Oklahoma won automatic Big Eight conference representation to the Orange classic Saturday and Rival Missouri accepted a Bluebonnet engagement against Georgia Tech at Houston, Tex., Dec. 22. Penn State was tendered an invitation to the Gator Bowl at Jacksonville, Fla., Dec. 29 and will vote on an acceptance Tuesday.

Other bowl games on tap are the Dec. 22 Tangerine at Orlando, Fla., which pits Miami

of Ohio and the University of Houston, and the Dec. 31 Sun at El Paso, Tex., with West Texas State facing Ohio University.

Top-ranked Southern California proved beyond a doubt its right to Rose Bowl play by rallying for a 14-3 triumph over UCLA in a Big Six Conference game. Ben Wilson and Pete Beathard scored fourth period touchdowns for the Trojans, who now must beat Notre Dame next Saturday to achieve

their first perfect season since 1932.

Third-ranked Wisconsin won the Big Ten title and a trip to Pasadena by edging Minnesota, 14-9. A pair of 15-yard penalties in the waning minutes set up Ralph Kurek's winning touchdown from the two yard line. The Badgers have hit the Rose trail twice in the past without a victory. Southern Cal beat them in 1953 and Washington in 1960.

Louisiana State gained the

right to lock horns with Texas Tech, 34-0. Billy Moore figured in all Razorback TD's as he ran for three scores and passed for the other two.

Two second-half touchdown passes by quarterback Pete Liske to Roger Kochman and Al Gursky brought Penn State a 16-0 triumph over Pittsburgh and the inside track on the Lambert trophy, symbolic of Eastern major college football supremacy.

In other Saturday games,

Dartmouth gained its first perfect season since 1925 as quarterback Bill King scored 20 points in the Indians' 38-27 win over Princeton; Missouri and Kansas played to a 3-3 field goal standoff; West Virginia jostled Syracuse, 17-6; Harvard disposed of Yale, 14-6; Indiana surprised Purdue 12-7; Illinois upset Michigan State, 7-6; Notre Dame drubbed Iowa, 35-12; Texas Christian routed Rice, 30-7; Florida State and Auburn played to a 14-14 tie; Duke squeaked past North Carolina, 16-14.

WORLD BOWLING

Ho-Hum, Carter Wins 4th Straight Title

CHICAGO (UPI) — Don Carter held his fourth consecutive World's Invitational Bowling Championship today and first place prize money of \$7,500.

Carter, who led the field of 16 for all but four of the final 16 rounds, sewed up the crown by outbowling a fellow kegler from St. Louis, Ray Bluth, 820 to 804 in the windup match last night.

Marion Ladewig, an attractive grandmother from Grand Rapids, Mich., coasted to her third world's title in the women's division, worth \$4,000.

Carter, who took the championship in 1957 as well as in 1959, 1960 and 1961, finished with a record of 39 wins 25 losses, 14,096 pins and 320.46 Peterson points.

Bluth, who collected \$3,750 for the second-place showing, finished with 13,917 pins and 320.17 points, just 20 off the pace.

Dick Weber, also of St. Louis, took third-place money of \$2,000. Detroit's Bob Strampe earned \$1,500 with a fourth-place finish, followed by Joe

Joseph, Lansing, Mich., who won \$1,500.

Mrs. Ladewig, who despite the loss of the final match to Judy Audsley, 18, Kansas City, Mo., who ran second throughout the tournament and got \$2,000, Miss Audsley's total was 9,445 pins and 218.20 Peterson points to 9,742 and 225.42 for Mrs. Ladewig.

In third place was Shirley Garms of Chicago, who won \$1,000.

'My Greatest Day'—Messer

ST. LOUIS (UPI) — The happiest man in a happy San Francisco 49er dressing room, defensive halfback Dale Messer, pointed to a football in his locker and said, "This is the greatest day in my life."

The 175-pound halfback was a major factor in the 49ers' 24-17 victory over the St. Louis Cardinals in a National Football League game yesterday.

Messer recovered a fumble and intercepted a pass and was awarded the game ball by his team. The fact he did it in only his second game on defense made it all the more satisfying to the 25-year-old former Fresno State star.

Coach Red Hickey said, "I hope to tell you we're going to keep him in there regularly. Messer did a great job for us."

Drag Racer Better Own National Record

HALF MOON BAY (UPI) — Bob Haines of San Leandro revved his M and R Champion Special dragster to 192.3 miles an hour here Sunday, bettering his own national drag racing record of 189.80.

Haines' souped up racer zoomed over the quarter mile course in 8.03 seconds.

Star Hurt As Warriors Lose Again

SAN FRANCISCO (UPI) — Cincinnati's Royals clamped a tight grip on third place in National Basketball Association's Eastern Division last night by downing the slumping San Francisco Warriors 128-115.

It was Cincinnati's fourth straight win over the Warriors and gave the Eastern team a season record of 11-8. San Francisco, seated third in the league's Western Division, has an 8-10 record.

Big Wilt Chamberlain scored 41 points for the losers, but was below his game average.

The Warriors lost playmaker Guy Rodgers early in the first quarter when he twisted his right leg and had to leave the game.

EARLY LEAD

Cincinnati took the lead almost immediately in the first period and never surrendered it. Four of the Royals' squad netted more than 20 points each and the fifth starter hit 18.

Oscar Robertson led the winners with all-around good court play and 24 points, while Jack Twyman led the team in scoring with 27 points.

The Warriors, badly in need of a winning series, meet Chicago tomorrow night at the Cow Palace.

Warrior Tom Meschery, just back after recovering from an injury, bucketed six field goals in the final quarter of last night's contest to bring the San Francisco team within 11 points of the Royals—but it was the only chance Warrior fans had to applaud the losers.

Husky Tackle Is Lineman Of Week

SAN FRANCISCO (UPI) — Washington tackle Mike Briggs was named Big Six lineman of the week today.

He sparked Washington to a 26-21 victory over Washington State Saturday and led a Husky line that held the Cougars to 15 yards rushing.

26 Feared Dead In Air Collision

SAO PAULO, Brazil (AP)—A Brazilian air liner and a light private plane collided and crashed in a remote area of Sao Paulo state today, the air force rescue service reported. All 23 persons aboard the air liner and three persons in the light plane apparently perished.

Wreckage was reported sighted about 65 miles north of here.

The airliner, a two-engine Scandia of VASP airlines, left Sao Paulo as part of the Sao Paulo-Rio airbridge service.

The small plane was believed to be one belonging to a Rio department store reported missing earlier in the day on a flight to Sao Paulo.

The air force said there was no sign of life near the wreckage, sighted in an extremely rough area near the town of Paraiuna, but that paratroopers would be dropped to check.

Peking Withdrawal Plan Is Rejected

NEW DELHI (AP)—An Indian spokesman rejected today the key provision in Communist China's proclamation of a cease-fire in the Himalayas and withdrawal of Chinese troops.

Peking's withdrawal plan would leave its troops deep in Indian territory, the spokesman said, and India cannot allow China "in reward of aggression to extend their unlawful control of Indian territory."

Since the cease-fire was put into effect by China last Wednesday, Indian troops have observed it. This was the first direct comment on the Chinese proclamation, although there have been government indications that its terms were unacceptable.

The spokesman said after reading a prepared statement

Folsom Escape Try Ends In Death

FOLSOM (AP) — Three convicts turned chapel services at Folsom State Prison into a scene of death and terror yesterday.

Brandishing prison-made weapons, they took over the service being conducted by the Rev. Frank Mapes and a 15-man choir from Sacramento's Bethel Temple a Protestant church.

They fatally stabbed a worshiping prisoner who tried to cut short their futile escape plot.

Oscar Kistle, chief deputy district attorney of Sacramento County said he would ask the grand jury to indict the trio for murder and possibly on a separate charge of assault with a deadly weapon by a life-term prison inmate. Each charge is punishable by death.

For four hours the trio held Reverend Mapes, Reverend Heath Lowry, a part-time Protestant chaplain, and five of the choir singers in a tiny office in one corner of the old stone chapel.

Their plan apparently was to persuade guards to let them walk free while using the hostages as shields. They would have had to pass through at least four gates to reach freedom.

After a series of conferences through a broken window with officials—including the state's top prison officer, Richard A. McGee—the trio released the hostages and turned over their weapons.

The hostages appeared unruffled as they emerged from the prison, where the toughest

criminals in California are kept. "Oh, yes, we will be back," Reverend Mapes told a reporter.

Inside the chapel, guards stripped the surrendered convicts to be sure there were no concealed weapons. They were then taken to separate cells while Dist. Atty. John M. Price determines what the charges to file.

Warden Robert A. Heinze identified the three convicts, all serving life sentences, as Edward William Maher, 27, and Edward Vaughn, 29, each convicted of first-degree robbery, and Farrell H. Fenton, 29, convicted of second-degree murder and robbery.

Officials said they had not

determined which of the three stabbed Conrad N. Becker, 41, serving a term for burglary.

Donald Davis, one of the 10 visiting singers who escaped the chapel along with about 50 prisoners of the congregation, said Becker was sitting on an aisle seat. He grabbed the first of the trio as they walked to the front waving their weapons—half a scissors, a sharpened letter opener and a wooden club.

Becker was stabbed in the upper abdomen and fell to the floor but he arose again and tackled his assailant a second time. Then he fell back mortally wounded. He died in the prison hospital without naming his attacker.

'Arrival' Of Nikita Startling

Frank Wilson of 25 Apollo Road, Tiburon, telephoned the sheriff's office in some alarm at 10:53 p.m. Saturday.

He reported someone with a loudspeaker was crying through the streets of Belveron Gardens, "Khrushchev has arrived!"

Deputy Sheriff H. E. Morgan encountered the cryer with no difficulty—two youths in a car. When he met them, though, the loudspeaker was blaring, "Carry on, men!"

The youths, reported Morgan, were a pair of Redwood High School students, still exuberant over Redwood's defeat of Tamalpais High for the Marin County Athletic League football title.

The ancient Egyptians considered glass to be of equal value with gemstones and precious metals because it was so difficult and expensive to make.

Ex-Quentin Felon Was Ringleader

A former San Quentin murderer, who was convicted in Marin Superior Court of stabbing another inmate to death in 1960, masterminded yesterday's abortive escape attempt at Folsom Prison.

He is Farrell H. Fenton, 29, who stabbed Edward Ybarra, 31, to death while other inmates watched the 1960 World Series in the prison gym. The tall Arkansas-born redhead has a long police record in Alameda County dating back to 1947. He entered San Quentin in 1955 for forgery and has also served terms for robbery and burglary.

Fenton pleaded guilty to the Ybarra killing in Marin Superior Court in April, 1961, and was sentenced to five years to life for it.

Husband's Career Inspired Talent Of Wife At The Easel

By CHARLOTTE G. MOULTON

WASHINGTON (UPI)—In 1959 a lawyer argued a case before the Supreme Court and lost. An artist depicted the event on canvas.

The painting now hangs in the Supreme Court building, in the office of the former lawyer—now Associate Justice Arthur J. Goldberg. The artist was Mrs. Dorothy Goldberg, and her comment on the incident is: "It's strange what life brings."

Vivacious Mrs. Goldberg denies she has inspired her husband in his advance from labor lawyer to Secretary of Labor to Supreme Court justice though her husband appears to feel otherwise.

ONE THING IS CERTAIN, however: His career has inspired her at the easel. Many of her abstract paintings, some depicting high moments in his career as an attorney, adorn the walls of all three rooms in the Justice's office suite.

ITS POLICY WELL TAKEN— WHO'S LEFT TO TEND SHOP?

The American Assn. of University Women has had a long standing policy of encouraging members to assume positions of leadership in community volunteer activities.

Mrs. William R. Eastman Jr., president of the Marin Branch, discovered to her dismay how actively this policy was being pursued by the branch when she sought qualified people to assume positions of leadership on her board of directors.

In checking through the roster she discovered the members already had tackled large jobs and were serving the community:

Three on local boards of education, one as president of her board.

Three Parent-Teacher Assn. presidents and two vice presidents.

President of Marin Foundation, Friends of Arequipa.

President of Sunny Hills Junior Auxiliary.

Immediate past and present president of 14th District, P.T.A.

President Marin County Panhellenic.

Two presidents of sorority alumnae groups.

President, vice president and corresponding secretary of Marin Girl Scouts.

Vice president and secretary, Ross Valley Teacher's Coordinating Council.

Vice president, Marin Federation Republican Women.

Three board members, Marin Camp Fire Girls.

Three board members, Marin Mental Health Assn.

Four board members, Marin United Fund.

Three board members, Marin Chapter American Red Cross.

President, Loch Lomond Sunny Hills Guild.

President and board member, Boyd Museum guild.

CORNER THE PARENTS'

By RICHMOND BARBOUR, Ph. D

Permissive Upbringing Creates Problems At The Adult Levels

The "permissive parent-hood" folks are still making speeches. Have you heard of them? They say children need neither discipline nor guidance. If they want to stay home from school, okay. If they want to live on a diet of soda pop and candy, okay. If at the age of 14 they want to start having babies, okay. We should have faith in their ultimate ability to learn without help. They'll "learn by doing." Wow!

I'm surprised at the number of parents who accept these ideas. Perhaps I shouldn't be. I know that some of us are uneasy, and ready to grab at new themes. I know also that some mothers are lazy. Permissive parenthood gives them a perfect excuse for doing nothing. Anyway, some misguided parents are raising their children permissively.

I've been through this before. As a college student I was taught to believe in progressive education. Classes didn't need discipline. There should be no course of study. The fewer textbooks the better. Teachers should "set the stage," and turn the children loose. They also would "learn by doing." I believed it until I began teaching. I changed my ideas and

methods, fast.

A few of the adults around us were raised according to the progressive education theories. They give a preview of the results of permissive parenthood. They lack the self-discipline. They have odd moral standards. They can't keep jobs. They marry and divorce with amazing rapidity. They are messes.

You'll be hearing more from the permissive parenthood advocates this winter. Don't be taken in. Don't let them ruin your children's lives.

READERS' FORUM

(Q) "Should parents impose their religious beliefs upon their children? Isn't religion the one area in which boys and girls should be allowed to draw their own conclusions, without guidance?" —T.C.

(A) No, it is not. Children need the standards our churches teach. They need the strength which comes from an awareness of a personal God while they are growing up.

Cutting Sleeves On Bias Allows Greater Arm Freedom

By EUNICE FARMER

"A recent pattern I was working with had the set-in sleeves cut on the bias. This is the first time I have ever seen this and wonder if it was correct?" —Mrs. J.P.

Dear Mrs. P.J.:

Occasionally you will find a sleeve cut like this for decorative purposes or because the designer felt it would be more effective on the bias.

Some women like a sleeve that is cut this way because it has a little more "give" to it and will provide more freedom and room for the arm. If you haven't tried it, you can't go wrong on one garment and you may like it so well that you

will be encouraged to cut sleeves this way often.

"Please tell me how to shorten a plastic raincoat." —Mrs. A.J.K.

Dear Mrs. A.J.K.:

The hems of most plastic raincoats are not machine stitched, but glued in place. Use the milky type household glue on the edge of the hem only and press lightly in place with your hands.

This week's tailor trix winner is Mrs. Theodore Glen, St. Charles, Mo., with this suggestion: "When I sew the two right sides of material together for stuffed toys, I place two layers of clear plastic in the middle. When turned right side out, this makes a clean, sanitary covering for children's toys."

Paulann Ross Wed

In Saturday Rite

Peace Lutheran Church was the setting Saturday for the wedding of Paulann Ross of Mill Valley and Frank Joseph Cherne Jr. of San Anselmo.

The double ring ceremony was performed at 11 a.m. by the Rev. Harold G. Johnson.

When Paulann, who is the daughter of Mr. and Mrs. Paul Ross Jr. of Mill Valley, was given in marriage by her father, she was wearing full length gown of white lace and net over taffeta, fashioned with full skirt.

Gowned identically in emerald green satin dresses with full skirts were her attendants; her sister-in-law, Mrs. James Lee Ross of Gardena, and Sue Manahan of Kentfield and Patricia Frey of Brentwood.

Kathy Ringen of Mill Valley was the flower girl, and Thom as Frey was the ring bearer.

The bridegroom, who is the son of Frank Joseph Cherne

and the late Mrs. Cherne of San Anselmo, was served as best man by William Wickerman of San Anselmo. Showing guests to their seats were the bride's brother, James Lee Ross of Gardena, and her cousin, Alan Ross of Mill Valley.

Following the ceremony a reception was held at the Tomahawk Lodge in Novato and the young people left afterward for a honeymoon at an undisclosed destination. They will live in San Francisco.

The new Mrs. Cherne is a graduate of the Tamalpais High School and attended the College of Marin, where she was a member of Chi Nu Theta. She is employed by the Pacific Telephone Co. in San Francisco.

Her husband was graduated from Sir Francis Drake High School and the College of Marin and has his own business, "Frank's Swap Shop" in San Anselmo.

Washable Clown Highlights Circus Style Child's Room

Materials needed: 1 twin-width flat top sheet for tent and matching twin-width sheets, pillow case for bottom bunk; 1 beige twin sheet for top bunk; 1 double sheet for window shade and cafe curtains. Cafe curtains are trimmed with ball fringe—hung with brass rings. Pajama-bag clown requires 1 pillow case; sheeting scraps for head, hat and neck-ruff; buttons, bits of ribbon and ball fringe for features, bright cotton gloves for hands and socks for feet; discarded sheeting for stuffing; cotton cord for assembling clown; zipper or snaps for bag bottom.

Circus Tent—The sheet is stretched over top of bunk with its ends secured to the bed frame via safety pins. The cord to ceiling hook is arrayed with cotton pennants and catches up the gathered center of the tent with a large clip-on curtain ring. This ring also bears a small trapeze for a tiny acrobatic animal. Colored plastic bracelet with bells is added decoration.

Cafe Curtains — Cut from sheeting with striped border at curtain bottom. (Combined width of curtains should be about twice window width.) Create harlequin-pointed top cuff by notching the top edge into squares; then, folding and stitching the cut squares into points. Trim cuff with fringe balls. (Allow about 3 inches extra length for cuff.)

Jewish Cookery Course Set

The Marin Jewish Community Center announces a new course in Jewish cookery beginning tomorrow from 10 a.m. until noon.

The instructor will be Mrs. Regina Simpson, and the course will last for eight sessions, all on Tuesday mornings.

Registration is at the Jewish Center, San Rafael.

Here are two of Mrs. Simpson's favorite recipes of Jewish dishes. One is called "Latkes" (potato pancakes), and the other one "Blintzes."

LATKES

2 potatoes—pared and grated fine
1 small onion, peeled and grated fine
1 egg
2 tbsp. flour, salt and pepper
Fry in oil until lightly browned on both sides.

BLINTZES

1 cup flour (sifted)
1 tsp. salt
1 cup water
1/2 cup milk
3 eggs

Combine flour and salt, add water and mix until fairly smooth, add eggs and beat well, add milk and mix to a thin batter. Heat small amount of butter in a 6" skillet. Pour into skillet about 1 tablespoon of batter, tilting skillet so batter covers entire bottom of skillet. Cook slowly until brown on the bottom and "set" on top (do not turn over to cook other side). Turn cake out of skillet on large clean dry cloth (dish towel would do) and let stand with browned side up until all are fried. This makes about 16 pancakes.

FILLING

1 lb. dry cottage cheese
2 eggs
1/4 cup sour cream
1 tbsp. sugar
1/2 tsp. cinnamon

Mix the cottage cheese with the 2 eggs, add the sour cream and cinnamon. Beat well and place 1 spoonful of this mixture in the center of each pancake (on the browned side). Fold over as one would an envelope (the 4 sides in). Brown in small amount of butter and serve.

Instructional TV Director To Speak For AAUW Branch

Larry Smith, director of instructional television at Station KQED, Channel 9, will be the guest speaker at the general meeting of the Mill Valley branch of the American Assn. of University Women tomorrow.

The meeting, to be held at 8 p.m. in the parish hall of the Mill Valley Community Church, is open to the public.

Smith's talk will feature new and proposed developments in the field of educational television. He will also show a 15-minute film entitled "Profile: KQED", an historical study of Channel 9.

Arrangements for the program were made by Mrs. Ross A. Smith, branch mass media chairman. In announcing Smith's appearance she cited the fact that the branch has been a member of the Bay Area educational television association since its beginning. The association is the governing board of directors of KQED.

Tuesday's program is a continuation of the year's theme, "What's Ahead in Education?" Development of the monthly programs is under the direction of Mrs. Edward J. Boesenecker, second vice president

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Most Adults Immune To Diphtheria, But Flare-Ups Do Sometimes Occur

VAN DELLEN

Most adults are immune to diphtheria, thanks to the protective inoculations received during childhood. These injections have erased the disease from the list of the 10 leading causes of death. The number of cases has been reduced 80 times since 1933, when 4,937 deaths were reported, compared with 74 in 1958.

Despite this progress, scattered outbreaks have been reported throughout the country. Some authorities believe there are two kinds of diphtheria micro-organisms. Both cause infection in the throat but one produces a deadly toxin and the other does not.

OUR PRESENT vaccine protects us against the toxin producer. It is the nontoxin producer that is said to be causing the present diphtheria outbreaks. These micro-organisms are not newcomers; they have existed for some time but were considered harmless and ignored.

Dr. Lane Barksdale of New York City thinks they might have changed throughout the years and are capable of producing a toxin like that of the other type. If this is true, we must alter our vaccine to include protection against this organism as well as its toxin.

THE MALADY mimics ordinary sore throat or tonsillitis and the real condition escapes detection unless a throat culture is made. It usually is a super sore throat associated with headache, fatigue, and fever ranging from 101 to 103 degrees F. A grayish-white membrane spreads over the back of the throat and tonsil tissues. Involvement of the larynx can be serious if swelling blocks the windpipe. Other than this complication, the disease might not be serious were it not for the toxin produced by the organisms.

It is here that diphtheria anti-toxin is a life saver. The possibility of a new toxin producer may explain why there is reason for concern.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

DISPLACED KIDNEY
Mrs. D. writes: Can floating kidney be detected by X-ray? Can it cause severe pain in the lower back during the night? It is impossible for me to lie down more than two hours at a time because of discomfort.

REPLY
X-ray will disclose the presence of a floating kidney but, contrary to your experience, discomfort from this disorder is more common on standing because of the effect of gravity. The kidney drops and the tube leading to the bladder (ureter) tends to kink.

TESTING BEFORE DYEING
C. F. writes: What is the reason for the patch test before having the hair dyed?

REPLY
To determine whether the patron is allergic to the dye, it is cheaper and easier to do this test than to pay for a law suit or the medical bills encountered should the customer develop a severe reaction to the chemicals in the dye.

ASPIREN WITH MILK
M. K. writes: When I take aspirin with water I get cramping in the abdomen. This doesn't happen when I take it with milk. What is the reason for this?

REPLY
Because milk tends to alkalinize the slight acidity created by the chemicals in aspirin.

SKIN CANCER
G. L. writes: Is there any cure for skin cancer? I have one just below the eye.

REPLY
Yes. In general, skin cancers can be cured by removal via surgery, X-ray, or radium. When located close to the eyes, surgery usually is preferred.

TODAY'S HEALTH HINT — Vitamins are necessary to life and health.

The lollipop giveaway is a well established medical procedure among physicians who treat children. It is used to reward the Little Leaguer for being brave during the examination, injection, or anything else that might hurt him.

It works like a charm in the majority of instances. Tears disappear immediately, signs of agony or defiance give way to smiles, and the atmosphere changes from tenseness to calmness. Other youngsters take the examination and shots in stride and look forward to the reward. Tears come only when the physician is out of lollipops temporarily and offers cookies instead.

MANY PHYSICIANS object to the lollipop giveaway as being inconsistent with good medical care. Candy is given as a reward in early life but the medical profession condemns it later because it encourages dental decay.

In addition, candy is a food and when used frequently as a bribe, might encourage the development of overweight. Dr. Morton B. Glenn of New York City stresses this point. He firmly believes that many obese adults were obese children and the treatment of the condition, including the establishment of good eating habits, should begin early in life.

IS THE LOLLIPOP necessary? Dr. Bernard A. Yablin of Rochester, N. Y., put the question to a scientific test and submitted the results to the New England Journal of Medicine. He gave lollipops to 130 children in his office to distract their attention following painful procedures. A followup study for three to 15 months showed that none of these youngsters acquired unusual feeding habits.

He decided to omit giving suckers to 15 children and to note the results. Nothing happened except that some yelled a little longer. But the response to the physician on subsequent visits was no different.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

CIRCULATION STUDIES
D. J. writes: What tests are done to determine disturbances of the circulatory system?

REPLY

The circulation of an extremity is tested by feeling the skin to see if it is warm or cold; by taking the pulse to determine if it is strong, weak, or absent; and looking to see whether the skin turns light or dark when the arm or leg hangs down. From this point on, there are numerous procedures, such as the oscilloscope, measurements of skin temperature and circulation time, studies dealing with spasm, and the use of X-rays to study the patency of the blood vessels.

LEPROSY IN THE BIBLE

L. J. writes: In the new English revision of the Bible, I read that the revisers are changing the word leprosy to psoriasis. Are these two diseases the same?

REPLY

No. They are as different as ham and cheese. The skin lesions also are dissimilar but many authorities believe the people of Biblical times thought victims of psoriasis and other skin disorders had leprosy.

CHEESY CYSTS
I. S. writes: What should be one's attitude toward a sebaceous cyst?

REPLY

Cheerful. These cysts contain a cheesy material and are more unsightly than serious. They do not become malignant and should be removed only when they are bothersome or represent a cosmetic defect.

FACIAL PANGS

E. F. writes: Could a 4-year-old child suffer from tic dououreux? The child gets sudden and momentary seizures of pain near his mouth.

REPLY

Yes, although trigeminal neuralgia is unusual at this age. This child's teeth, gums, and ears should be examined.

Civil Air Patrol Celebrates 21st Year in Action

Next Saturday, the Civil Air Patrol, formed to spot German U boats off the Atlantic Coast at the beginning of World War II, will be 21 years old.

The local group, Marin County Composite Squadron 4, has already marked the anniversary with a dinner dance at Hamilton Air Force Base two weeks ago.

First Lt. William Christie of Novato, squadron information officer, said the group would also like to mark the anniversary by increasing its membership. There are now 35 senior members and 45 cadet members of the local squadron.

It meets at 8 p.m. each Monday in building S177 at Hamilton Air Force Base.

The panel consists of Mrs. Virginia Keating, head of the Marin County Library; Mrs. Dorothy Thomas, head of the Mill Valley Library, and David Sabay, head of the Santa Rosa library.

Kentfield School Meeting Tonight

The Kentfield School District board tonight will hear a new proposal from the Larkspur-Corte Madera Joint Recreation recreation program at Greenbrae School.

The meeting will begin at 7:45 p.m. in the Greenbrae School multi-use room.

A group of teachers will discuss social studies courses, said Supt. Howard C. Harmon.

They will appear on Chet Huntley's program at 10:30 p.m. on KRON (Channel 4).

Candy Makers Are Pleased Over Increased Consumption Of Sweets

By SAM DAWSON

NEW YORK (P)—Americans are eating more candy. Increased consumption per capita in the last three years heartens the makers of sweets, who had lived since World War II on a sales plateau.

Now they too are getting in step with the economic growth rate for which the nation hankers.

Their biggest sales season is just ahead. Candy is a big gift item and even diet-conscious Americans live more dangerously during the holidays.

Confectioners admit they still have a tough fight ahead with the calorie counters and those who associate sweets with enforced trips to the dentist.

But some 2,000 confectionery manufacturers in the United States expect their total output this year will come close to three and one-half billion pounds, with a sales value of more than \$2.5 billion dollars.

It's the per capita consumption figure that most pleases the Candy, Chocolate and Confectionery Institute, set up in January 1961 to try to get the business moving ahead again.

Output per capita hit its peak in 1944, according to available records, at 20.4 pounds per person. But much of this production of sweets

was sent overseas for the armed forces to build morale, but often used in lieu of currency.

Then consumption settled back to around 16 pounds per person a year, and total output grew only at the same pace as did the population. In 1960, consumption was put at 16.9 pounds per person.

This didn't satisfy the candy makers and they began combating the fears of obesity and cavities.

In 1961, sales rose to 17.2 pounds for each man, woman

and child. This year the outlook is for 17.5 pounds, when the Christmas sales figures are in.

The institute says that some 2,000 varieties of confections, from jawbreakers to bonbons, will use up this year at least 610,000 tons of sugar, 532,000 tons of dairy products, 400,000 tons of corn syrup, 210,000 tons of corn starch, 22,000 tons of dextrose or refined corn sugar, 20,000 tons of fats and oils, 8,100 tons of fruits and fruit products, and lesser amounts of many other commodities.

Man Is Committed To Napa Hospital

Foy Lee Hines of Sausalito was committed to Napa State Hospital yesterday after he was reported to have slashed his right wrist at his home at 72 Edwards Avenue.

His wife, Nola, went to police for help after her husband had torn the telephone from the wall.

'Boat Owners Missing Boat On Taxes'

SACRAMENTO (CNS)—Legislative Analyst A. Alan Post, following a comprehensive survey, has estimated that California boaters are missing the boat on \$2,389,689 in unclaimed gasoline tax refunds each year.

Gasoline sold for consumption by boats or other non-highway users is subject to the

same tax of six cents per gallon that motorists pay. However, boat owners and other non-highway users may claim refunds for the non-highway use, provided they keep proper records of the transactions.

Boat people have claimed the unclaimed refunds amounted to from three to 8.5 million dollars a year and have been

trying for years to have that amount of money put aside for boating and harbor development.

The legislature, several years ago, did set up an annual appropriation of \$750,000 to the division of small craft harbors from the indicated unclaimed refunds.

On the basis of Post's report,

it's expected the boaters will be back for more of a chunk at the 1963 session.

Through the mailing and handling of thousands of questionnaires to all types of boaters, Post's office determined that individually registered or documented boats used 39,250,555 gallons of gasoline in 1961 and paid taxes of \$2,355,033.

It determined livery boats paid \$130,587 in taxes on 2,176,450 gallons and yacht and ship brokers' and dealers' boats paid \$195,630 on 3,263,832 gallons.

The total taxes paid were \$2,681,450 and State Controller Alan Cranston said refunds were claimed for only \$291,761.

Other information determined from the survey was that the average boat powered by an outboard motor used 124 gallons of gasoline a year, while the average inboard used 302 gallons.

The average for documented vessels used 1305 gallons of gasoline for the year.

1963 Legislature Will Consider Withholding State Income Taxes

SACRAMENTO (CNS)—The 1963 legislature will consider a withholding program for state personal income taxes, somewhat on the order of the federal withholding tax, it has been revealed as the result of a report on a pay-as-you-go method of collecting the tax.

The report was made by the office of A. Alan Post, legislative analyst under direction of the 1961 legislature. It made no definite recommendation, but outlined advantages and disadvantages of the system.

Major reasons for adoption of the withholding plan, the report said, appear to be possibility for one-time windfall revenue due to doubling up of collection; inadequacy of existing compliance programs and projected increase in revenues through reduction of evasion. Some disadvantages would

include the fact that California income tax differs substantially from the federal and that of many other states which have adopted withholding in that rates are lower and exemptions higher.

"California," the report said, "does not have a serious enforcement problem common to many other states prior to their adoption of withholding, notably New York, where substantial numbers of salaried people earning income within the state reside in adjoining states."

The report pointed out California's enforcement program

\$50 Is Taken From Service Station Safe

Fifty dollars in bills and change was taken from a safe at the Douglas Service Station on Redhill Avenue in San Anselmo sometime Saturday night, manager Donald W. Payne reported to police yesterday.

Payne told investigating officer L. R. McAllister that the station had been entered with a key and the door was locked on Payne's arrival. The burglar also knew the combination of the safe.

Mrs. Eva Turner of Marin City will be hostess. School representatives will be Supt. Marcus F. Davis of Sausalito and Principal Robert H. Prather of Tamalpais High.

Tire, Wheel Stolen

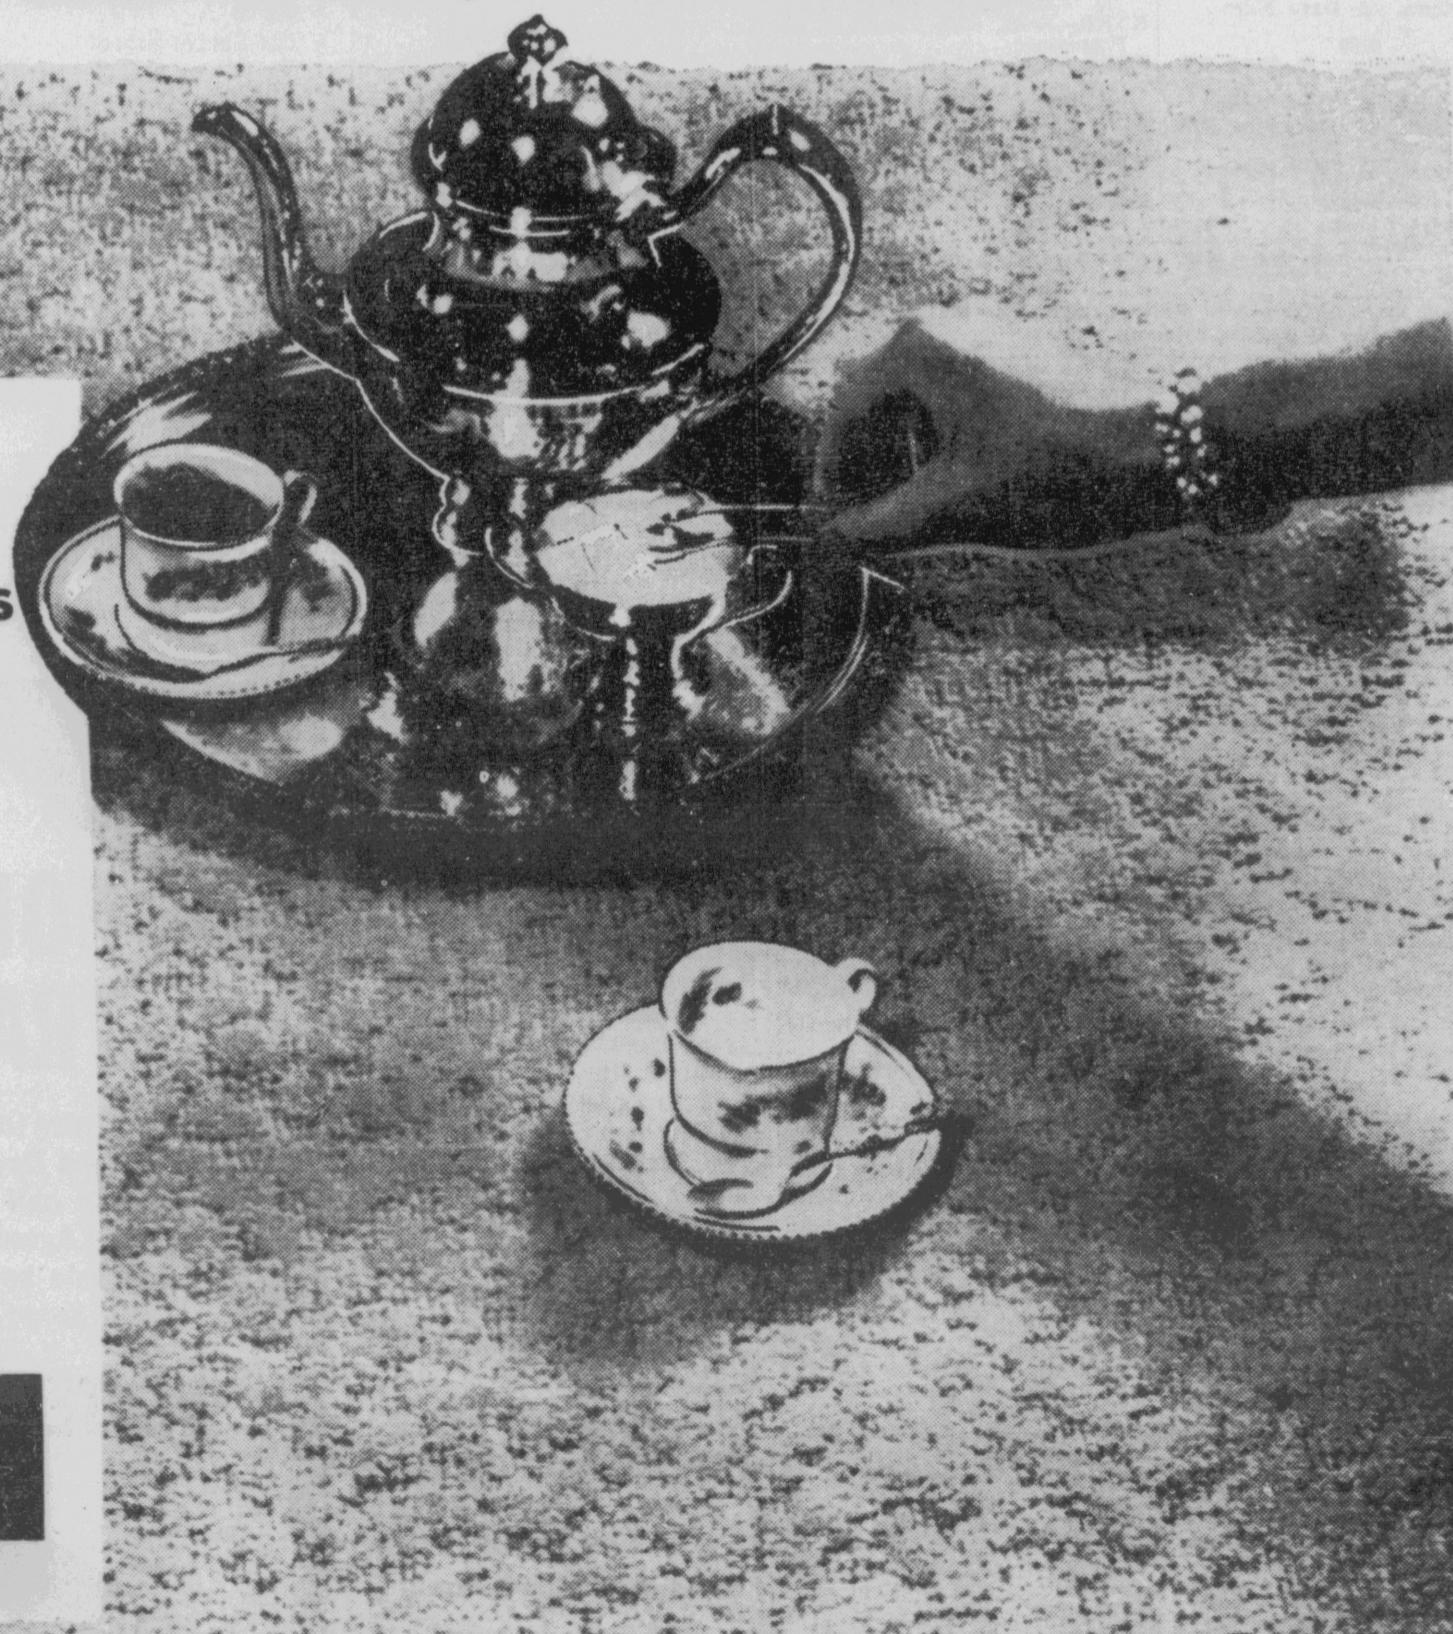

Theft of a tire and wheel, valued at \$30, from the E. F. Sweeney Used Cars lot at 439 Francisco Boulevard, San Rafael, was reported to police Friday by Harold H. Lowrie, a mechanic for the firm.

LEARN TOO LATE?
Our lead in science and invention, in business, trade and world affairs came from learning how. Today higher education is the main teacher of our future leaders... in technical skill and in world outlook.
But higher education is facing a crisis. Colleges are in a squeeze. Many have actual shortages, while in less than 10 years college applicants will double.
If we are to hold our lead, our higher institutions must have modern laboratory facilities, more classrooms and, above all, qualified teachers.
